

# PHANTOM'S MOTORIZED RETRACTABLE SCREENS FOR LARGE OPENINGS

Available with clear vinyl!

## CREATE CLIMATE CONTROLLED SPACES

Using clear vinyl with Phantom's motorized screens enables you to control the temperature in your outdoor living space without blocking your view.

## A MOTORIZED RETRACTABLE SCREEN WITH CLEAR VINYL

Using clear vinyl with motorized screens by Phantom Screens enables you to control the temperature in your outdoor living space without blocking your view. In cooler climates it's designed to keep the warmth in and for hotter climates it's perfect for keeping cooled air in your covered porch or patio area.

Thanks to our motorized screens with clear vinyl, you can now spend more time in your outdoor living space without being limited to only two seasons!

### FEATURES & BENEFITS

- Provides temperature control without blocking views
- In cooler climates, it's designed to keep the warmth in and for hotter climates it's perfect for keeping cooled air in
- It protects patio areas from rain, wind and debris
